

Temporary Marking Flags

Catalog: [Flagging and Marking](#) [1]

[2]

SKU: FLMA

Our flags are made of durable 4 mil. plastic in 14 colors, including all APWA colors. Available with your custom message or logo. We offer a broad selection of color choices, all on high-quality material and printed with long-lasting inks. Available for many uses including construction, lawn care/Irrigation, Utilities and Municipalities, allowing marking for increased safety around machinery, helping companies meet pesticide posting regulations and marking of buried utility lines & highway construction.

NOTE: Decals and text can be added to flags. Please call for more information.

3 STAFF OPTIONS:

Wire - Sturdy 15.5 gauge steel wire.
